PREAMBLE

This Agreement shall be effective as of July 1, 2014 and shall continue in effect through June 30, 2017, by and between the Paterson Public Schools, hereinafter called the "District" and the Paterson Education Association, hereinafter called the "Association." The parties agree and understand that the immediate preceding period from July 1, 2010 through June 30, 2014 shall be governed by the terms of the Memorandum of Agreement dated May 22, 2014.

The Association and the administration jointly recognize the need for improved student achievement in our schools. The parties also acknowledge joint responsibility and accountability to improve the present system. It is believed that a new approach should be implemented together for the benefit of Paterson's students. In support of this effort, the parties commit to an educational assistance plan to enhance performance, the components of which are included in this Agreement and consist of:

- a peer assistance program
- the elimination of non-instructional duties to provide for increased student contact time
- the establishment of a staff attendance incentive program
- the provision of preparation time for all instructional staff members

The parties further agree to jointly design and implement:

- a district-wide student code of discipline
- district-wide promotional standards
- alternative approaches for "At-Risk" students

Furthermore, during the time the Paterson school system functions as a state operated school district, references to the "Board" or the "Board of Education" shall refer to the "Advisory Board" as established in the legislation. Upon the removal of the "State Operated District" designation, said references shall be deemed to refer to the elected or appointed Board of Education.

WITNESSETH

WHEREAS, the District and the Association recognize and declare that providing a quality education for the children of the Paterson School District is their mutual aim, and,

WHEREAS, the District has an obligation, pursuant to Chapter 123, Public Laws 1975, as amended to negotiate with the Association as the representative of employees hereinafter designated with respect to the terms and conditions of employment, and,

WHEREAS, the parties have reached certain understandings which they desire to confirm in this Agreement, be it

RESOLVED, in consideration of the following mutual covenants, it is hereby agreed as follows:

ACKNOWLEDGEMENT

ARTICLE 3 GRIEVANCE PROCEDURE

3:1 DEFINITIONS

3:1-1 Grievance

A “grievance” is a claim by an employee or the Association based upon the interpretation, application, or violation of this Agreement, policies or administrative decisions affecting the terms and conditions of employment of an employee or a group of employees.

3:1-2 Aggrieved Person

An “aggrieved person” is the person or persons making the claim.

3:1-3 Party in Interest

A “party in interest” is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.

3:2 PURPOSE

The purpose of this procedure is to secure, at the lowest possible level, equitable solutions to the problems which may from time to time arise affecting employees. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

3:3 PROCEDURE

3:3-1 Time Limits

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.

The parties agree, however, that any claim or grievance must be filed in writing at the most appropriate level within thirty-five (35) calendar days of the occurrence of the event.

3:3-2 LEVEL ONE – Principal or Immediate Supervisor

3:3-2.1 An employee with a grievance shall first discuss it with his/her principal or immediate supervisor, either directly or through the Association's designated representative.

3:3-3 LEVEL II – State District Superintendent or Designee

3:3-3.1 If the aggrieved person is not satisfied with the disposition of his/her grievance at Level One, or if no decision has been rendered within five (5) school days after the presentation of the grievance, s/he may file the grievance, in writing, with the Association within five (5) school days after the decision or within ten (10) school days after the grievance was presented, whichever is sooner.

3:3-3.2 Within five (5) school days after receiving the written grievance, the Association shall refer it to the district Superintendent, or designee, who shall have the authority to resolve the grievance.

3:3-3.3-1 The written application for a Level Two hearing shall include the reasons for the employee's dissatisfaction with the earlier determination. In addition, the application for Level Two hearing shall include Article(s) of the Agreement claimed to have been violated, a dated copy of the written grievance discussed at the Level One hearing, including the signature of the grievant, the Association representative and the principal/immediate supervisor who hear the matter; and the relief sought by the grieving parties.

3:3-3.3-2 In those cases where the grievance form is not signed by the principal or immediate supervisor when the written grievance is presented at the Level One hearing, the district will hear the grievance at Level Two upon presentation by the Association.

3:3-3.3-3 Whenever possible and known by the Association, the application of a Level Two hearing shall include identification of all persons aggrieved by the violation and calculation of the cost (if any) of the relief sought.

3:3-3.4 The aggrieved person shall have the right to be present and heard at Level Two.

3:3-3.5 The Superintendent, or designee, and the Association President shall jointly establish a monthly calendar of Level II meetings. Said schedule shall be established in September of each school year.

3:3-3.6 All grievances filed at Level Two within five (5) working days prior to the date of the Level Two meeting shall be heard at the time of the monthly meeting. Said meeting may be postponed or canceled by mutual agreement of the parties. The Level Two hearing shall consist of a presentation of each grievance by the representative(s) of the Association. The State District Superintendent, or his/her designee, may request additional information or documentation as agreed by the parties which may be needed to consider the merits of the grievance.

3:3-3.7 The Superintendent or designee shall notify the Association of his/her determination within ten (10) school days following the hearing.

3:3-3.8 Within fifteen (15) calendar days following the Level Two hearings, representative of the parties shall review pending grievances already presented at Level Two to determine which have been resolved, which remain unresolved, and which shall be presented for hearing at Level Three according to the timelines established in this Agreement. This review may occur either through an in-person meeting, telephone conversation, written letter or facsimile transmission.

3:3-4 LEVEL THREE – Arbitration

3:3-4.1 Hearings

3:3-4.1-1 Within five (5) calendar days of said review (or within twenty (20) calendar days of the Level Two hearing if no such review is held), if the Association is not satisfied with the disposition of the grievance, or if no decision has been rendered, the Association shall indicate in writing to the District those cases for which arbitration shall be held according to the timelines established in this Agreement.

3:3-4.1-2 Grievance hearings shall be held at a mutually acceptable site at 10 a.m. of each arbitration date.

3:3-4.1-3 Grievances will be heard by the arbitrator in the month following their presentation at Level Two of this procedure, or if no hearing is granted in the immediate case, the month following the grievance's filing at Level Two. Grievances may be scheduled for arbitration at a later date by the mutual consent of the parties. In no case will a grievance be scheduled for a Level Three hearing more than three (3) arbitration sessions following the date upon which it would have been scheduled in accordance with this Section.

3:3-4.1-4 Level Three hearings held with the designated arbitrator shall be scheduled by the parties on the next-to-last working day of each month or on such other date as may be mutually agreed upon by the parties and the arbitrator so that each monthly hearing is held.

3:3-4.2 Decisions

3:3-4.2-1 The arbitrator so selected shall confer with the representatives of the District and the Association and hold hearings promptly and shall issue his/her decision not later than twenty (20) days from the date of the close of the hearings or, if oral hearings have been waived, then from the date of the final statements and proofs on the issues are submitted to him

3:3-4.2-2 The arbitrator's decision shall be in writing and shall set forth his/her findings in fact, reasoning and conclusions on the issues submitted.

3:3-4.2-3 The arbitrator shall be without power or authority to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement.

3:3-4.2-4 The decision of the arbitrator shall be submitted to the District and the Association and shall be final and binding on the parties in all issues specifically pertaining to this Agreement. It shall be advisory on all other issues not covered by this Agreement.

3:3-4.3 Participants

3:3-4.3-1 Whenever possible, the Association shall provide, the names, positions, worksites of any unit member it intends to call to testify during these hearings at least three (3) working days prior to a Level Three hearing. Upon request, the Association will be provided with such similar list from the District at least three (3) working days prior to such hearing.

3:3-4.3-2 The Association shall be entitled to have present for these hearings its President and one other school system designee with no loss of pay or leave days. In addition, the District agrees to permit grievants and those staff members as may be requested by the Association for the purposes of providing testimony to be excused from their assignments during the time that they are required to attend such hearings with no loss of pay of leave days.

3:3-4.4-1 Cancellations

3:3-4.4-1 Either party may cancel the arbitration date for that month if no grievances are scheduled to be heard.

3:3-4.4-2 The parties agree that should a scheduled arbitration session be canceled within two (2) weeks of the scheduled hearing, the party requesting the cancellation shall be solely responsible for payment of the arbitrator's fee for one day. Arbitrators' fee for cancellations outside of this time frame shall be divided between the parties as provided for in other sections of this Article.

3:3-4.5 Selection of Arbitrators

3:3-4.5-1 The parties agree to designate three (3) arbitrators from the Public Employment Relations Commission (PERC) who shall serve the parties in accordance with the terms of this Agreement.

3:3-4.5-2 The selected arbitrators shall serve the District on a rotating monthly basis for the term of their appointment.

3:3-4.6 Removal/Replacement of Arbitrators

3:3-4.6-1 A member of the arbitration panel serving the District may be removed effective September 1 on the written request of either party upon the condition that the excluding party notify the other party and the arbitrator of such desire to exclude not later than June 15.

3:3-4.6-2 The parties agree that in order to maintain continuity in the Panel process, each party shall be limited to the removal of one panel member each during each school year.

3:3-4.6-3 Replacements for arbitrators removed from the panel shall be by mutual consent, either by discussion or the procedure established for selection as cited in this section.

3:3-4.6-3.1 Within twenty (20) working days of the notification by either party of the removal of an arbitrator from the panel, the parties shall attempt to agree upon a mutually acceptable replacement for each arbitrator excluded, and shall obtain a commitment to serve from the arbitrator.

3:3-4.6-3.2 If the parties are unable to agree upon an acceptable replacement arbitrator, or to

obtain a commitment within the specified period , a request for a list of arbitrators may be made to the New Jersey Public Employment Relations Commission by either party. The parties shall then be bound by the rules and procedure of the New Jersey Public Employment Relations Commission.

3:3-4.6-4 Upon selection, the arbitrators shall be notified by the parties.

3:3-4.7 Payment to Panel Arbitrators

Arbitrators shall be paid at their usual and customary rate as follows:

3:3-4.7-1 One day of hearings regardless of the number of cases presented in that day unless the hearing is cancelled or rescheduled two weeks or more before the scheduled hearing date.

3:3-4.7-2 One day of study for each case heard on the day of the hearings.

3:3-4.7-3 The cost for the services of the arbitrator, including per diem expenses if any, and actual and necessary travel, subsistence expenses if any, and actual and necessary travel, subsistence expenses and the cost of the hearing room shall be borne equally by the District and the Association. Any other expenses incurred shall be paid by the party incurring same.

3:3-4.8 Limitation on Binding Arbitration

- (a) The summative evaluation rating, including, but not limited to the mid-year evaluation for employees on a corrective action plan or the student practice and student achievement component ratings leading to the summative evaluation shall not be subject to binding arbitration, except in the event of a claim by a teacher that there has been a gross procedural violation or a mistake of material objective fact leading to an increment withholding/denial of step movement.
- (b) The substance of an evaluation that resulted in the withholding of an increment or failure to move up a salary step for educational reasons shall not be subject to binding arbitration.
- (c) An employee may not file an appeal to the Superintendent or file a grievance regarding any aspect of the evaluation process once the employee has been formally notified in writing that the Superintendent has determined that tenure charges shall be certified against the employee.
- (d) If an employee has already filed for the review by the State Superintendent subject to the review process set forth at Article 12:5-1.4, the employee may not elect arbitration to seek review of an alleged procedural violation.
- (e) Class size and assignments shall not be subject to binding arbitration.
- (f) Medical coverage pursuant to the terms of Article 26: 1-2.6

3:3-4.9 Superintendent's Appeal Process

- (a) If an alleged gross procedural violation or a mistake of material objective fact as defined in this section occurs, an employee has a choice to seek review with the State Superintendent in accordance with the Superintendent's Appeal Process set forth at Article 12:5-1.4, or may pursue binding arbitration pursuant to the limitations and conditions set forth in this section and Article 3:3-4.8 above. If the employee files the grievance according to Article 3, it shall be

deemed an irrevocable election of appeal process.

- (b) If the employee chooses binding arbitration, the arbitrator's authority shall be limited to a determination of whether the evaluation process was adhered to and shall not be permitted to infringe upon the substantive portion of the evaluation. If the arbitrator determines that a gross procedural error occurred or that there was a material error of objective fact, the arbitrator may only determine whether the employee would have advanced on the salary guide but for the gross procedural error occurred or material error of objective fact.
- (c) A "gross procedural error" means substantial non-compliance by a supervisor with the evaluation procedure set forth in statute or regulation which directly resulted in a partially effective or ineffective summative evaluation rating. A procedural error alone is not a "gross procedural violation." A gross procedural violation is one in which a procedural error is directly related to the non-movement on the salary guide. Thus, if an employee would have advanced on the salary scale but for the procedural error, then an arbitrator may determine there has been a gross procedural violation.

3:4 RIGHTS OF EMPLOYEES TO REPRESENTATION

3:4-1 Employee and Association

Any aggrieved person may be represented at all stages of the grievance procedure by himself, or, at his/her option, by a representative selected or approved by the Association. 6:1-3 Early Dismissal Days

In furtherance of the existing past practice, two student contact days shall be designated as 1:00 p.m. dismissal days for staff and students, said days to be designated by the Paterson Education Association. The parties further agree that the last day for staff shall be considered a minimal attendance day with staff members required to be in attendance from 9:00 a.m. through no later than 12:00 noon, unless emergency circumstances require student attendance on the day, in which case staff shall be dismissed no later than 1:00 p.m., or 12:25 p.m. if student lunches are not served.

6:1-4 DELAYED OPENINGS

The parties agree that on occasion, for the safety of students and staff as well as for enhanced educational considerations, conditions exist which require the State District Superintendent of Schools to announce a delayed opening of District facilities.

7:1 GENERAL CRITERIA

7:1-1 Sign-In/Sign-Out Procedures

Effective September 1, 2005 or as soon thereafter as is practical, all employees will indicate his/her presence for duty in accordance with District policy. An adequate period of time will be mutually agreed upon for acclimating employees to a new system if implemented.

7:1-1.1 Failure to Sign-In/Out

Employees are required to sign in/sign out each day. The District shall develop a system that does not require a member to be delayed more than two (2) minutes to accomplish signing out. If the Association asserts the process is taking more than two (2) minutes to sign out, it may file a grievance immediately to arbitration to address a system which will accomplish the timely sign out procedure.

It is expressly understood a member unable to sign-out due to an emergency situation, e.g., personal illness or other personal emergency, may sign out at the next sign-in opportunity.

As requested, Mr. Martin Scheinman, the fact-finder in this matter, shall serve as arbitrator for any dispute under this provision.

7:1-1.2 Penalty Procedure

7:1-1.2-1.1 Should the District allege a staff member failed to sign in as required in this Article, the employee shall be notified by the District no later than the end of the next work day. In this way, the employee shall be given the opportunity to explain or challenge the claim s/he did not sign-in. If not notified, the allegation of failure to sign in shall be waived for that incident.

7:1-1.2-1.2 Upon the first occasion during a school year of failure to sign-in/out, while present for work, the Principal or other Administrator will issue a verbal warning to the employee, maintaining a record of the notice.

7:1-1.2-2 After the second incident, the same procedure will be followed. In addition a written notice of the sign-in requirement and the staff member's obligation to sign in will be given to the employee.

7:1-1.2-3 After the third incident, the administrator will conference with the staff member to ascertain why a problem with signing in still exists. The administrator will make every attempt to help the staff member to remove any obstacles to her/his signing in. A warning letter of possible disciplinary action upon the next incident shall be issued.

7:1-1.2-4 After the fourth incident, and provided that the required notice has been given by the administrator, employees shall be penalized by being docked as follows:

Certificated staff	\$33.00

7:1-1.2-5 After the fifth incident, and for each incident thereafter, the employee shall forfeit one day's pay.

7:1-1.2-6 Prior to any pay forfeiture by an employee, the employee shall have the right to challenge the action by the District in the grievance and expedited arbitration procedure. The loser shall pay the arbitrator's costs as defined in Article 3 of this Agreement. The employee must challenge this forfeiture within the contractual time frame (35 calendar days).

7:1-1.2-7 In those cases when a staff member is assigned to report to an alternative work site, the employee shall sign-in/out at the alternative site in fulfillment of the requirements of this article.

7:1-1.2-8 After each occasion of failure to sign-in/out, while claiming to have been present for work, the employee may provide proof of presence, which must include confirmation of the time of arrival or departure.

In all cases, the official time shall be determined by the clock in the main office of each work site.

Any arrival beyond this period shall be considered an absence for half the day; an arrival after 12 noon shall be considered an absence for full day. Should such an absence be designated, the tardy arrival which resulted in the loss of either the half day or whole day shall not be subject to inclusion in the provisions of 7:1-3.2 et. Seq. of this Agreement.

7:1-3.2 Procedure

7:1-3.2-1 Employees shall be considered tardy if they arrive after the times designated in Article 7:2-2, dependent upon the work schedule mode in which they work. After the staff member's designated arrival time, the sign-in book shall be withdrawn by the building administrator or his/her designee so long as no staff members are waiting to sign in. In such instances, the parties agree the sign-in book will not be withdrawn until those on line have been given the opportunity to sign in. After the designated time, a separate sign-in book shall be made available and the time of the tardy arrival shall be indicated by the staff member in writing in the book as s/he signs in.

7:1-3.2-2 When an employee is tardy four (4) times, the principal shall issue a warning, in writing, to the employee.

The parties also agree that every employee needs reasonable breaks during the workday.

7:2-6.2 To ensure that all instructional employees have formally established time for preparation, elementary and primary teachers will have scheduled at least 40 minutes of preparation time per workday. Grade level meetings will not be scheduled during an employee's preparation time

unless there is no other alternative. If it becomes necessary to use an employee's preparation period, at least one workday notice shall be given. Further, it shall be the responsibility of the building administrator to coordinate staff schedules to enforce the terms and conditions of this provision.

7:2-6.3 During the time when a specialist (i.e., music, art, home economics, industrial arts, physical education, etc.) takes over the class of an elementary employee, the District agrees that the classroom employee shall have that time as a preparation period. Non-classroom employees shall continue to receive preparation time as per the practice in effect previously.

7:2-6.4 When specialists are not available to provide classroom employees with preparation time, the District shall make reasonable efforts to provide preparation by other means where possible.

7:2-6.6 The parties recognize that instructional staff members will occasionally use the preparation periods for non-instructional purposes, and agree that such uses are legitimate.

7:2-6.7 To maximize effective use of this time where possible, instructional staff of the same grade level will have the same preparation periods.

7:2-6.8 Instructional staff may be required to attend grade level meetings at the discretion of the administrator, within the terms and conditions outlined in Article 7:2-6.2 above.

7:2-8.2 In order to permit teachers to most effectively utilize the plan book, the parties agree that the plan book shall remain solely in the possession of the teacher during the entire school day.

7:2-9 Class Coverage Compensation

7:2-9.1 In those cases where regular substitutes are not provided and a staff member covers a class during his/her conference/preparation period, including his/her own class due to the absence or unavailability of assigned specialists, said staff member shall be compensated effective July 1, 2014 at the rate of \$14.00 per period covered in addition to his/her own salary; effective July 1, 2015 the rate shall be \$15.00; effective July 1, 2016 the rate shall be \$16.00.

7:2-9.2 When, in those cases where regular substitutes are not provided, in addition to the cases cited above, a staff member is needed to cover a class during his/her own assigned supervision period or instructional period, the administrator(s) shall effectuate the assignment according to the following procedure:

7:2-9.2-1 Building administrators will first provide staff members on a preparation/conference period with the option of accepting or rejecting the class coverage. If the staff member accepts the coverage, s/he shall be compensated at the rate established in 7:2-9.1 per period covered in addition to his/her own salary.

7:2-9.2-2 If unable to secure coverage in the above mentioned manner, the building administrators shall obtain from the State District Superintendent of Schools, or his designee, permission to provide staff members on a supervision period, with the option of accepting or rejecting the class coverage. If the staff member accepts the coverage, s/he shall be compensated at the rate established in 7:2-9.1 per period covered in addition to his/her own salary.

7:2-9.2-3 If still unable to secure coverage, building administrators may relieve staff members from an assigned instructional period to provide class coverage. This coverage shall be assigned only with prior approval of the State District Superintendent of Schools, or his designee. Where approval is granted, the staff member shall be compensated at the rate established in 7:2-9.1 per period covered in addition to his/her own salary.

7:2-9.2-5 Each school principal shall report monthly to the State District Superintendent of Schools on the implementation of the process above. The report shall include the names of all staff persons who accepted or were assigned class coverages during the month and the date

of each coverage.

7:2-9.2-6 Copies of these reports shall be forwarded by the State District Superintendent of Schools to the Association by the tenth day of each month following the reporting period.

7:2-9.3 All such coverages shall be arranged by the Principal of the School in question, and shall be assigned as equitably as possible among staff members in the school.

7:2-9.4 Procedural guidelines for the submission of class coverage compensation claims shall be established mutually by the State District Superintendent or designee and the Association. Said guidelines review will begin upon ratification of this Agreement. If the staff member accepts the coverage, s/he shall be compensated at the rate established in 7:2-9.1 per period covered in addition to his/her own salary.

7:2-9.5 The District intends to avoid the practice of dividing classes among teachers when substitute teachers have not been provided. In those emergency circumstances where regular substitutes are not available, the District and its agents shall make every reasonable effort to limit the number of pupils being placed in a teacher's class. It is agreed that a maximum of five (5) pupils to each class is a mutually shared goal toward which the parties agree to strive.

7:2-10 Extra Curricular Activities

7:2-10.1 Goals

The parties believe that co-curricular activities can contribute significantly to the success of the overall educational experience for students. Properly conceived and conducted, co-curricular activities can help expand the benefits of the "school day" before classes begin, through the afternoons after classes end, and even into some evenings and weekends. The parties share an interest in managing staff assignments to co-curricular activities so that (1) all such assignments are filled by well qualified people who want them, (2) the assignments are announced sufficiently ahead of the start of the activities to enable the assigned staff members to plan appropriately, and (3) students and staff are encouraged to propose new co-curricular activities.

7:2-10.2 Approved Activities

7:2-10.2-1 The District and the Association agree that the extra-curricular activities listed in Part 1 and 2 of Schedule C are educationally worthwhile.

7:2-10.2-2 The parties agree that co-curricular staff assignments will be made in response to student interest in having co-curricular activities available. To this end, students will be invited to submit information about their interests for new and changed co-curricular activities.

7:2-10.3 Compensation

Employee participation in extra-curricular activities which extend beyond the regularly scheduled in-school work day shall be consistent with the prescriptions of NJSA 34:13A-23 and shall be compensated according to the rate of pay and/or released time where stipulated in the attached schedules.

7:2-10.4 Appointment/Reappointment

7:2-10.4-1 Openings for extra-curricular positions will be posted throughout the District. Co-curricular staff assignments will be filled wherever possible by staff members who apply for them. If no qualified staff member volunteers from these internal postings, management will seek candidates from outside the District. If no volunteers can be found, the District maintains the right of assignment. Only if there are no qualified applicants, either already on file or in response to posted opportunities, will the Administration assign non-volunteers to take the assignments.

7:2-10.4-2 Both renewal and new co-curricular staff appointments will be announced well in advance of the start of the activity, on a timetable for activities established below:

7:2-10.4-2.1 The parties agree that written employment contracts for extra-curricular positions as delineated in Schedule C – Part 2 of this Agreement shall be issued by the District within thirty (30) days of approval of employment by the District. For compensated assignments, this notice will take the form of a formal contract or letter from the District.

The decision by the director of personnel will be subject to the grievance procedure.

12:4-2 Salary Adjustments

The adjustments for the advanced degrees as herein set forth shall be the amount payable above the basic salary.

12:4-3 Required Official Transcript

The State District Superintendent shall require a certified transcript from the accredited college or university from all applicants that come under this provision.

In-service credit may not, however, be utilized in place of the acquisition of a baccalaureate degree for payment on the Instructional Assistant V salary guide.

12:5 INCREMENTS/SALARY STEPS

12:5-1 Definitions

12:5-1.1 The increment steps by which personnel advance on the salary schedule are earned steps.

12:5-1.2 An earned increment/step advancement is a recommended increment/salary advancement.

12:5-1.3 The State Superintendent shall recommend non-certificated staff for satisfactory active service.

Certificated staff members must receive an effective or highly effective rating in their annual summative rating to advance on the salary guide and cannot advance to the next step with a partially effective or ineffective rating. A failure to advance on the salary guide is not subject to the grievance and arbitration procedure unless the employee asserts that the partially effective or ineffective rating was as a result of a gross procedural error or a mistake of material objective fact.

The substance of the summative evaluation rating, including, but not limited to the mid-year evaluation for employees on a corrective action plan or the student practice and student achievement component ratings leading to the summative evaluation are not grievable or arbitrable.

12:5-1.4 Superintendent's Appeal Process

12:5-1.4-1 An employee who has been denied an increment/salary step advancement due to an ineffective/partially ineffective annual summative rating and alleges that the rating is a result of gross procedural error or a material mistake of objective fact may file a petition with the State Superintendent requesting a review of the evaluation rating or submit the matter to the grievance procedure in Article 3. If the employee files a petition with the State Superintendent pursuant to this article, it shall be deemed an irrevocable election of the appeal process and shall preclude the employee from filing a grievance according to Article 3.

12:5-1.4-2 An employee may not file an appeal to the Superintendent or file a grievance regarding any aspect of the evaluation process once the employee has been formally notified in writing that the Superintendent has determined that tenure charges shall be certified against the employee.

12:5-1.4-3 The State Superintendent may refer the petition to a Review Committee. The review shall be limited to allegations of a gross procedural error or a mistake of material objective fact. The Committee shall determine whether rating would not have been partially effective or ineffective but for the gross procedural error or a mistake of material objective fact and shall make a recommendation on the petition to the Superintendent.

12:5-1.4-4 The Superintendent, in his sole and absolute discretion shall review the petition and consider the Committee's recommendation and will render a final decision on the Petition of Appeal. The Superintendent's decision shall be final and binding on all parties and that decision shall not be grievable or arbitrable and shall not be changed except as set forth in this article.

12:5-1.4-5 A "gross procedural error" means substantial non-compliance by a supervisor with the evaluation procedure set forth in statute or regulation which directly resulted in a partially effective or ineffective summative evaluation rating. A procedural error alone is not a "gross

procedural violation.” A gross procedural violation is one in which a procedural error is directly related to the non-movement on the salary guide. Thus, if an employee would have advanced on the salary scale but for the procedural error, then an arbitrator may determine there has been a gross procedural violation.

12:5-2 Ten Month Employees

12:5-2.1 An earned increment is a recommended increment earned by satisfactory active service of not less than 120 days during the year for which the increment is given.

12:5-2.2 For employees with 20 or more years of service, earned satisfactory active service shall be determined on the basis of 100 days.

12:5-3.1 An earned increment for employees engaged on a calendar-year basis is recommended increment earned by satisfactory active service of not less than 150 days during the year for which the increment is given.

12:5-3.2 For employees with 20 or more years of service, earned satisfactory service shall be determined on the basis of 130 days.

12:5-4 Granting of Increments

12:5-4.1 The granting of scheduled increments/steps to professional personnel shall not be automatic, but shall be dependent upon certificated staff earning an annual summative rating of effective or highly effective.

12:5-4.2 Earned increments/steps in conformity with the Salary Schedule A will be granted annually to employees paid on a ten-month year on September 1st. In those cases where a certificated instructional staff member’s performance is partially derived from Student Growth Percentage (SGP) results, the payment of said Incremental Salary Step payments might be delayed until said results are reported. Payments to such employees who receive a summative rating of effective or highly effective, or whose rating has been approved through the Superintendent’s Appeal Process will be retroactively reimbursed to September 1.

12:5-4.3 Earned increments in conformity with Schedule A will be granted on the first of July for all twelve-month employees.

12:5-4.4 The Superintendent shall grant a step for any teacher who earns an effective or highly effective rating on his/her annual summative rating. Teachers who receive an ineffective or partially ineffective annual summative rating will remain on their current salary step, subject to the appeal process provided in this Article or Article 3.

12:5-4.5 Increments will not be withheld for an employee based upon absenteeism if his/her absences are the result of an injury which was determined to be eligible for workers compensation benefits and which was sustained from an assault upon the employee while the employee was performing his/her duties.

12:5-5 Exceptions

Personnel on authorized leaves of absence are not entitled to increments other than those applicable under the Articles set forth herein which apply and the earned increment rule with the exception of absence by virtue of sabbatical or military service leaves and absence for paid sick leave granted by virtue of the sick leave policy.

14:1 STAFF OBSERVATION AND PROFESSIONAL IMPROVEMENT

It is the desire of the parties to reward and support excellence in teaching, provide support to enhance the instructional skills of those teachers who need or request such help, and to give timely and appropriate feedback to all teachers about their performance, in order to ensure maximum student achievement.

14:1-1 Association-District Committee on Employee Evaluation

The District and the P.E.A. will jointly create a team composed of equal numbers of representatives from both parties.

14:1-2 Committee Responsibilities

It shall be the responsibility of the Association-District Committee on Employee Evaluation to:

14:1-2.1 Review the Professional Improvement Plan ("PIP") form, develop and explicitly communicate clear expectations about performance goals, observations, evaluations and PIP plans to the entire District.

14:1-2.2 Revise District-wide observations and evaluation forms based on job descriptions for teachers, instructional assistants, security officers, secretaries and each other category of employees represented by the P.E.A. using those expectations and performance goals developed above as guidelines.

14:1-2.3 Develop ways to foster a climate of trust, so that employees regard observations and evaluations as opportunities for growth and support, rather than viewing them with apprehension as possible means of discipline or punishment.

14:2 GENERAL CRITERIA

14:2-1 Open Evaluation

All monitoring or observations of the work performance of an employee shall be conducted openly and with full knowledge of the employee.

14:2-2 Observation Sessions

14:2-2.1 Each observation session should be long enough to enable the employee to demonstrate the full activity being observed, and no portion of the activity not actually observed should be commented upon. (For example, an observer of a teacher should observe an entire class period or lesson, and should not comment about the teacher's effectiveness at opening the session and establishing student expectations unless s/he was there to observe from the beginning.)

14:2-2.2 An observation may be conducted for a shorter time if it is explicitly intended to focus on only a portion of the entire activity underway. (For example, if an earlier observation found a teacher ineffective at closing a lesson, after a conference discussing the prior observation, the evaluator would be free to observe only the closing section of a subsequent lesson.)

14:2-3 Evaluation by Certificated Personnel

14:2-3.1 Employees shall not be evaluated by their peers; no evaluation of staff shall be conducted by personnel defined in ARTICLE 1 of this Agreement.

14:2-3.2 An employee may request other relevant observers, such as department chairperson or curriculum administrator.

14:2-3.3-1 Staff members represented by the Association may volunteer to serve as School Affirmative Action Officers and/or Anti-Bullying Specialist for the purpose of providing information and training on titled related issues.

14:2-3.3-2 Additionally, they may assist in resolving affirmative action disputes between and among the student body. However, based upon the contents of Article 14:2-3.1 above, members of the bargaining unit will not be used to investigate, with the exception of security guard personnel, on issues that might involve members of the bargaining unit.

14:2-3.3-3 The parties agree that nothing in this article relinquishes an employee's responsibility from bringing forward or reporting any misconduct witnessed by said employee regardless of association affiliation.

14:2-4 Copies of Evaluation

An employee shall be given a copy, for his/her permanent retention, of any class visit, observation and/or evaluation report prepared by his/her evaluators at least one (1) day before any conference to discuss it. No such report shall be submitted to the central office, placed in the employee's file or otherwise acted upon without prior conference with the employee. No employee shall be required to sign a blank or incomplete evaluation form.

14:2-5 Compliance with Statute and Regulations

All evaluations, observations, observation conferences, corrective action plans, etc., shall be conducted in accordance with N.J.A.C. 6A:10, and as may be amended.

14:3 PERSONNEL RECORDS

14:3-1 File

An employee shall have the right, upon request, to review the contents of his/her personnel file and then receive copies at his/her expense of any documents contained therein. An employee shall be entitled to have a representative of the Association accompany him/her during such review. At least once every three (3) years, an employee shall have the right to indicate those documents and/or other materials in his/her file which s/he believes to be obsolete or otherwise inappropriate to retain. Said documents shall be reviewed by the State District Superintendent or his/her designee and if, in fact, they are obsolete or otherwise inappropriate to retain, they shall be destroyed. Disputes over the retention of said documents may be processed through the grievance procedure commencing at Level Two.

14:3-2 Derogatory Material

No material derogatory to an employee's conduct, service, character or personality shall be placed in his/her personnel file unless the employee has had an opportunity to review the material. The employee shall acknowledge that he has had the opportunity to review such material by affixing his/her signature to the copy to be filed with the express understanding that such signature in no way indicates agreement with the contents thereof. The employee shall also have the right to submit a written answer to such material, and his/her answer shall be reviewed by the State District Superintendent or his/her designee and attached to the file copy.

14:3-3 No Separate File

14:3-3.1 Although the District agrees to protect the confidentiality of personal references, academic credentials and other similar documents, it shall not establish any separate personnel file which is not available for the employee's inspection.

14:3-3.2 The sole official file for the purpose of accumulating job related information for any employee represented by the Paterson Education Association shall be the permanent file residing in the Personnel Office at the District's administrative headquarters.

14:3-3.3 Only material contained in this file may be used as documentary evidence in any proceeding dealing with said employee.

14:3-3.4 The parties recognize that current State Department of Education regulations

require files dealing with the performance and/or employment of staff members to be maintained at the employee's worksite. It is further recognized that the building administrators may utilize these files as repositories of anecdotal records which are directly related to the staff member's job performance.

14:3-3.4-1 With the exception of said anecdotal records, all materials placed in a staff member's worksite file shall conform to the requirements established by this Agreement.

14:3-3.4-2 No document in said worksite file shall be permitted to become part of the official permanent file referred to in 14:3-2 above after the passage of ninety (90) days from the date the incident or event described in the document occurred.

14:3-3.4-3 In the event such anecdotal materials are submitted with ninety (90) days of the incident or event for inclusion in the official permanent file, the building administrator shall first notify the staff member, and comply with the rules for inclusion of such materials as provided in Article 14:3-2 of this Agreement.

ARTICLE 24 SITE BASED MANAGEMENT/SHARED DECISION MAKING

24:1 GOVERNING PHILOSOPHY

The parties agree that achieving the overall objective of improved student achievement can best be accomplished in an environment that allows decisions about education programs and the resources needed to implement them to be made wherever possible by the individual staff members and administrators who will directly carry them out. Therefore, the parties agree that the District should commit itself to fostering processes that encourage shared decision-making at the school sites. This conclusion is based on the parties' agreement that they share strong interests in:

- Ensuring that every school in the District is operated so as to maximize its effectiveness (increasing quality of student achievements) and its efficiency (value realized from the use of District resources).
- Ensuring that the decision-making process at each school and throughout the district gives appropriate weight to the interests and perspectives of all parties, as a means of improving both the quality of decisions and the probability of their successful implementation.
- Ensuring that transition to Site-Based Decision-Making is preceded by effective communication and coordination of plans and expectations among all parties involved.

- Ensuring that there is general acceptance by staff members and administrators at any school entering into a Site-Based Management/Shared Decision-Making program. Individual staff members and administrators who prefer not to participate in the program will be offered transfers whenever possible, without prejudice to sites where the program is not yet underway.

It is important to note that improving student achievement is in the interest of both parties. Therefore, a school that is producing satisfactory student achievement need not change to Site-Based Management/Shared Decision-Making if its staff and administrators prefer not to participate.

24:2 SITE-BASED MANAGEMENT/SHARED DECISION-MAKING DEFINED

Site-Based Management/Shared Decision-Making (SBM/SDM) programs are joint planning and problem solving processes that seek to improve the quality of working life and education through collaborative efforts of administrators and staff at the work site sharing authority to make decisions. Said programs also reflect the commitment of the District to provide funding for those decisions.

24:3-4 The school will convene a Site Based Management Team (SBMT). The SBMT will consist of three staff members chosen by the Association, the school principal and two other administrators or other non-PEA employees chosen at the Superintendent's prerogative. The SBMT will meet and develop a more detailed waiver request to include the following:

- i) The academic goal(s) and/or overall school atmosphere to be achieved;
- ii) The timeline for the achievement of the goal(s)
- iii) The provision(s) of the collective bargaining agreement to be waived;
- iv) An explanation of how the waiver will assist the school in achieving the goal(s);
- v) A plan for how textbooks, technology and other resources will be utilized, including a plan and budget for any additional resources that may be necessary;
- vi) A plan for how professional development will be utilized if applicable.

24:3-5 The waiver request will be presented to the school's bargaining unit members for a secret ballot vote. If a majority of the staff votes in favor of the waiver request, it will be submitted to the Principal.

APPENDIX A: SITE BASED MANAGEMENT/SHARED DECISION MAKING PROCESS FOR SCHOOLS TO SUBMIT PROGRAM PROPOSALS

Proposals for programs that do not require actions involving either staffing, additional funding, curriculum, or District policy can be implemented by the school staff without review by the joint committee overseeing site-based management/shared decision-making in the District provided such proposals are in compliance with the terms of this Agreement. Such proposals should, however, be forwarded to the committee for the informational purposes. Proposals for programs that do involve one or more of those elements must be approved by the committee before implementation.

Proposals submitted by individual schools to the joint committee should be developed according to the following points.

1. Each school identifies one or more aspect of the education process which it wishes to influence. The program to be proposed should be designed to improve performance outcomes for students. Volunteers from among the school staff will be integrally involved in planning the project; no staff member represented by the Association shall be required to participate.
2. When presented to the committee for approval, proposals must indicate that the school was actively involved in planning them and that they have been approved through some formal process by a majority of the affected staff at the school.
3. Proposals are subject to contractual obligations and District policy, unless those obligations or policies are waived by the P.E.A. and the District.
4. Each proposal submitted must include:
 - a) An estimate of resources necessary to achieve the improvements in student outcomes defined as indicators of "success" and how these outcomes can fairly be measured.
 - b) A budget of the resources that must be added to bring the school to the necessary resource level.
 - c) A plan for acquiring the required resources, developed with assistance from the District Administration if appropriate. Possible ways to acquire resources might include:
 - 1) Purchase or lease with funds from the District

- 2) Contributions from major suppliers
- 3) Contributions from the business community
- 4) Contributions from the general community
- 5) District provided funds (materials, equipment, training, workshops, pay etc.)
- d) A plan for how the total resources of the pilot school(s) and relevant communities will be applied to product the outcomes defined earlier.
- e) Suggested criteria by which the success of the program might be evaluated.
- f) A timeline for implementation, with checkpoints for evaluation.

APPENDIX B:

JOINT ‘DEMONSTRATION SITE BASED MANAGEMENT/SHARED DECISION MAKING PROJECT’AS AN ILLUSTRATIVE EXAMPLE TO GUIDE INDIVIDUAL SCHOOLS

Different perceptions and preconceptions exist about what our schools can accomplish. It is appropriate to establish what is possible if we cooperatively ‘make our schools real schools, the way we all want them to be.’ In order to show what the District can accomplish, the parties agree to conduct a ‘demonstrative project’ as an example of the sort of initiatives they hope to encourage the individual schools in the District to propose for themselves.

Acting jointly, the parties will create the pilot project(s) designed and conducted so as to increase student achievement. This project is intended as a demonstration of the kinds of excellence the District can achieve, and it may be distinct from other initiatives. The project will be planned by joint teams at the District (see ‘Site-Based Management/Shared Decision-Making’section) and site levels beginning the 1991-92 school year, and may be implemented during the subsequent school year. Phases of the project can include:

1. Defining ‘good’.

Working within overall student outcome measurement targets applicable to the entire District, the administration and staff involved in the pilot project will, at the site level:

- a. Ascertain current levels of student achievement in each subject area or other major category of achievement that may be affected by such a project.
- b. Decide what amount of improvement will be necessary to indicate a “successful” program.
- c. Where appropriate, assess the current levels of community involvement in the pilot-project school sites and ways that each pilot school might increase beneficial community involvement.

2. Defining approach.

Administrators and staff involved in the pilot project will:

- a. Decide that resources are necessary to achieve the outcomes defined as indicators of “success,” and how these outcomes can fairly be measured.
- b. Determine what resources must be added to bring the pilot school(s) to the

necessary resource level.

- c. With assistance from the District Administration, find sources for the required resources.
- d. Plan how the total resources of the pilot school(s) and the relevant communities will be applied to produce the outcomes defined earlier.

3. Implement the plans.

4. Measure the results, with assistance from District Administration and outside agencies. (This phase should overlap implementing the plans as well as following completion of implementation.)

5. Specific ideas to be included.

Efforts to improve student outcomes can most productively be channeled into five major areas, which overlap in various ways. Specific ideas to be included in this pilot project include, by major area:

a. Increasing student achievement resulting from contact between students and teachers.

If the site team, in conjunction with P.E.A., determines the need, extend the school day at the pilot school(s) by a period of time established at the site. Initially, staff who participate in the additional time will volunteer to do so; it is assumed that benefits will be clear enough to attract others. Compensation of staff participating will be prorated based upon the salary guide.

A criterion for good planning and execution will be the extent to which the instructional plans for the pilot school(s) achieve “multiple use” of student-teacher contact time. For example, reading and writing skills could be applied and reinforced in science classes.

The balance of effort between students and teachers will be constantly monitored and adjusted to ensure an appropriate distribution of investment in and benefits from the project.

b. Changing, improving, and expanding curricular offerings.

Curriculum content affected by the pilot project(s) and determined at the District level to be mandatory will be included by the administrators and staff of the pilot schools in contextual programs as they see fit. Site staff will be given the freedom to initiate additional curricular offerings deemed necessary to provide a more complete educational experience for student.

c. Motivating students.

Recognition programs at the District level will be designed and administered so as to provide regular reinforcement of students participating successfully in the pilot project. These programs will be coordinated with the pilot schools’ administrators and staff so as to achieve maximum motivational value. Where needs for additional funds are identified to reinforce student motivation, site teams can qualify for support funds from the District.

d. Enhancing teacher capability

Start capital and other resource improvements immediately. This will help to identify skills needed by teachers to work effectively in the new environment in real time and thereby enable the pilot project to design and conduct needed staff development programs most productively. A vital need is for close, mutually supportive working relationships between management and staff. Administrators will be charged with maintaining open communication channels with both administration and staff to ensure early identification of unproductive tensions and timely coaching to

resolve them. An important component of effective communication channels will be times explicitly set aside for staff meetings, class preparation, team coordination, etc., as defined by contract and by site-level innovation with P.E.A. approval. Management and staff at each pilot school will be equipped with support systems necessary to ensure immediate access to all aspects of student records.

Because support and involvement from families of students and from the school community in general are important aids to the quality of the total educational experience, regular reports about the concepts and progress of the pilot project will be published throughout the community at the District expense. It is expected that these reports will, over time, increase community interest in helping in the education process. Each pilot school, and the District as a whole, will actively recruit and integrate community members into the pilot project in specifically designed roles.

e. Providing a pleasing, safe and modern environment for learning.

APPENDIX C

- b)** Such written request shall be submitted before the beginning of the course through five (5) week days following the first meeting of the course.
- c)** The Office of the State District Superintendent or designee shall acknowledge, in writing, receipt of the application.
- d)** The Office of the State District Superintendent or designee shall not deny any application which complies with the requirements of application as set forth in Article 22 of this Agreement and as indicated below. Courses will be approved if taken in:

Said denial shall be sent not later than ten (10) working days from receipt of the application by the Office of the State District Superintendent.

2. Application Form

a) The Request for Course Approval application form shall be carbonized, triplicate form provided by the District, one copy of which shall be returned to the applicant. Said application form shall be made available by the District in each school or worksite where staff members are eligible for such reimbursement, and in the office of the State District Superintendent of Schools or designee.

b) The application for approval shall include only the following information:

- Date of application
- Name, home address and home telephone number of the applicant
- School/worksite of applicant
- Title and assignment of applicant
- Course number and title
- Semester in which course is to be taken
- College or university at which course will be taken
- Number of credits of course
- Course description
- Indication of graduate or undergraduate level

3. Reimbursement Procedure

a) Under the provisions of the tuition reimbursement procedure, eligible staff members are required to pay for courses taken upon registration for the course(s). Eligible staff members will be reimbursed for tuition costs upon successful completion of the course (s) in accordance with guidelines adopted herein.

b) Reimbursement for said course(s) shall be in the manner set forth in Article 22 of this Agreement and below.

- 1) In order for an applicant to receive reimbursement, the applicant shall submit to the State District Superintendent of Schools or designee copies of the following:
 - a copy of the Request for Course Approval application
 - a District tuition reimbursement voucher (which shall be made available by the District in each school or worksite where staff members are eligible for such reimbursement, and in the office of the State District Superintendent of Schools or designee.)
 - a college statement of costs (bill)
 - itemized receipted, cash voucher, or original canceled check (front and back)
 - official proof of successful completion of the course(s) for which reimbursement is sought in the form of:

+ a college/university grade report, or,

+ an official school transcript

All documents substantiating claims for tuition reimbursement shall be submitted to the State District Superintendent of Schools or designee as one package after completion of the course(s).

- 2) In those cases where copies of materials forwarded for review for payment are illegible, the District may request the staff member to make an appointment with the designee of the State District Superintendent to present related original documents such as transcripts, grade reports or payment receipts to complete the verification process prior to payment.
- 3) Reimbursement shall be made within sixty (60) days of receipt of the above mentioned package of materials. Reimbursement for courses taken in the summer shall be provided in September provided the staff member returns to the District as an appointed employee.
- 4) As payment for said courses is a reimbursement of expenses rather than additional earned income, payments to eligible staff members under the provisions of this agreement shall be made by a check separate from any salary of payroll check. If required by law, however, the total sum of reimbursement will be reflected in the employee's W2 form for the appropriate earnings year. Payments will be made in conformity with existing Internal Revenue Service regulations.

4. Association Notification

The Association shall receive, within a reasonable period of time from the date of submission, copies of all applications for course approval tuition reimbursement and the disposition of same from the Office of the State District Superintendent of Schools or designee.

B. Instructional Assistants (I-V) and Secretarial Staff

1. Instructional Assistants (I-V) and secretarial staff members shall complete the same Application for Course Approval as utilized by teaching staff members.
2. Application and reimbursement for such tuition expenses shall follow the same guidelines as those established herein for teaching staff members.
